

WOMEN PLANNING ROUND OF GAYETY INAUGURAL WEEK

Southern Democratic League
Active With Series of
Social Features.

Teas, dances, receptions, banquets, and other social functions will provide a round of gayety during the week of the inauguration and for some time previous, according to plans now being developed by members of the District section of the Southern Democratic League. The first meeting for arranging details of the undertaking was held at the home of Mrs. George A. Armes, 2508 Woodley road, when Mrs. Henry D. Clayton, wife of Congressman Clayton, of Alabama, told of her recent visit to New York, where she attended the "Victory Luncheon" given to Mrs. Woodrow Wilson and her daughters on their return from Bermuda.

Exact details of what will be done are not yet available, but it is known that festivities will be started some time in February with a dance, and a play, entitled, "His Private Secretary," of which Mrs. A. S. Burleson, wife of Congressman Burleson, of Texas, is the author, at the New Willard. It is planned to make this affair a distinctive social feature of the inaugural ceremonies and a worthy beginning of social activity for several weeks, which shall eclipse anything of the sort ever accomplished in the past. The crowning event will be a brilliant reception given by President and Mrs. Wilson, on March 6.

Young Women in Charge.

A committee of fifty young women will be appointed in the immediate future to have charge of the details of the dances and banquets. These will be given from families in military, naval and governmental circles, and will be under the direction of Mrs. Morris Sheppard, wife of Senator-elect Sheppard of Texas, and Mrs. L. G. Hoffman, wife of Lieutenant Hoffman, secretary of the admiral of the navy.

In order adequately to carry out the work, a movement has been started to increase the membership of the local organization, and this has already reached a total of more than 50 members. Mrs. M. E. Bonham, who originated the idea of a Democratic women's organization, is chairman of the committee on membership, and is conducting a campaign for new members with great success.

PAPERS IN MYLIUS CASE REACH NAGEL

Secretary to Act Promptly on Appeal of Englishman Ordered Deported.

Prompt decision will be made by Secretary Nagel on the appeal of Edward Mylius, the English newspaper man, whom the Bureau of Immigration, of the Department of Commerce and Labor, has ordered deported from Ellis Island, New York, where Mylius is held pending final adjudication. Two special agents have been sent to New York to investigate the case, and to report to the Secretary of the Department of Commerce and Labor, who is now in New York. The Secretary of the Department of Commerce and Labor is now in New York, and is expected to return to Washington on Monday.

Exposition to Show Progress of South

When the Knoxville National Conservation Exposition opens next fall, one of the most complete illustrations of the progress and development of the "New South" will be revealed. The purpose of this project is new in exposition history. Former affairs were designed to celebrate what had been accomplished, to commemorate past achievements. The Knoxville exposition will be the herald of future prosperity and greatness.

Socialist Rule Ends.

MILWAUKEE, Wis., Jan. 5.—The end of the Socialist regime in this county will be witnessed tonight at midnight, when Sheriff-elect Lawrence McGreal will take office. This change will take every Socialist city and county official out of office except Daniel Hoan, city attorney, and Dr. Kraft, health commissioner.

MORE VIOLATIONS OF PURE FOOD LAW SHOWN BY REPORT

Solicitor Shows Increase of 25 Per Cent in Disregard of Regulations.

An increasing tendency to violations of the pure food law is indicated by the annual report of the solicitor of the Department of Agriculture issued today. The solicitor, George F. McCabe, notes that 1,459 violations were reported to the department during the year, an increase of 25 per cent over the previous year, and of 47 per cent more than the fiscal year 1910. Out of 741 cases prosecuted, 381 resulted in convictions. At the end of the year 407 cases were pending.

The courts displayed disposition to more severity in punishing violations of the law. The first jail sentence was imposed, under the pure food act, and the maximum fine was imposed in twelve cases. The maximum, however, is only \$300, and the record of increasing frequent violations seems to suggest the need of heavier penalties. This impression is strengthened by the solicitor's statement that "fines were imposed in the criminal cases amounting to more than \$14,000." This small amount of fines imposed, in so great a number of cases, under a law that is popularly supposed to be of great public interest and importance, has impressed some of the friends of the law with the need for more severe penalties.

This view of the food law's penalties has been used from the time of its enactment. There has been constant criticism on the ground that even the most effective administration of the law could not be expected to produce a respectful attitude on the part of persons tempted to violate it, if the penalties for conviction were so small as to leave a fair chance of profit through violation.

The great importance of the legal work of this office is suggested by the statement that it is entrusted with detecting violations of the acts for protection of the national forests, the food and drug law, the meat inspection law, twenty-eight hour law, animal quarantine law, and the Lacey law to prevent interstate shipment of game slaughtered in violation of State laws.

Famous Baritone Singer Has Birthday Today

This is the fifty-sixth anniversary of the birth of David Bispham, the opera baritone. He was born in Philadelphia January 5, 1857, and was graduated from Haverford College in 1878. He made his debut with the Royal English opera in November, 1881, and since that time has sung at Covent Garden, London; the New York Metropolitan, and La Scala, of Milan. He is one of the famous baritones of the day, and has one of the largest following of any American singer.

Rudolf Eucken, famous German writer and philosopher, is sixty-seven years of age today, and Congressman Ashbury F. Lever, of the seventh South Carolina district, has reached his thirty-eighth year.

REBUILD ARMORY FOR ALEXANDRIA

Militiamen Plan Extensive Improvements in Home on Royal Street—After Six Months' Search Alleged Murderer Is Arrested in Saloon.

WASHINGTON TIMES BUREAU, ALEXANDRIA, VA., JAN. 5.

Plans have been prepared by the Alexandria Light Infantry, officially known as Company G, First Regiment, Virginia Volunteers, for the remodeling of its armory, on Royal street. Work will be started in the spring, and it is expected that by summer the new armory will be ready.

The plans provide for a complete remodeling of the building so as to provide double the present space. The roof will be raised and a second story added. On the first floor will be a gymnasium, reading room, smoking parlors, gunrooms, and quarters for the officers, while on the second floor will be a large drillroom.

It is also the purpose of the company to have the second floor arranged so it can be converted into an auditorium for the use of public gatherings.

The cost of the alterations will be \$10,000 and one-half of this sum has been appropriated by city council. The balance is raised by the company. Active work has been started on the raising of the funds and several thousand dollars have already been subscribed. The resolution passed by council provides that the title to the property shall be vested in the corporation of Alexandria.

After the police had been searching for Archie Sargeant for six months, Officer Reed located him last night in a saloon in the northeastern section of the city and arrested him. Sargeant was wanted for attempting to murder Dennis Jackson on July 4, immediately after cutting Jackson with a knife and did not make his reappearance until the Christmas holidays.

The following officers have been installed by Friendship Council, No. 23, Daughters of Liberty: Mrs. Emma Pearson, counselor; C. R. Herbert, assistant counselor; Miss Elsie Johnson, vice counselor; William E. Dawson, associate vice counselor; Mrs. Flora Courtney, recording secretary; Miss Lucy Petty, associate recording secretary; Miss Sadie Bastin, financial secretary; J. F. Petty, treasurer; Miss Abbie Johnson, guide; Charles Henry, inner guard; Miss Etta Nalls, outer guard; Charles Henry, trustee for eighteen months; Miss Kate Griffin, trustee for twelve months; George Crump, representative to State council for two years; and J. F. Petty, representative to State council for one year.

The funeral of Frank McLean was held from his residence, 1824 Duke street, at 10 o'clock yesterday morning, conducted by the Rev. Edgar Carpenter, rector of Grace Episcopal Church.

Dorothy, the thirteen-year-old daughter of Mr. and Mrs. John A. Nugent, fractured her arm yesterday afternoon when she fell while skating on the sidewalk near her residence, 218 North St. Asaph street.

The first service in the week of prayer under the auspices of the Ministerial Association of Alexandria will be held tomorrow night at the First Baptist Church, and will be conducted by the Rev. H. M. Carter, pastor of the Southern Methodist Church.

Marshall L. Dinwiddie, past high priest of Mt. Vernon Chapter, No. 14, Royal Arch Masons, has been presented by the members of the chapter with a certificate of life membership in the Masonic Home in Virginia.

The newly elected officers of Saminole Tribe of Red Men will be installed on Tuesday night by Deputy Great Sachem C. H. May, Max Levy, past great sachem of Ohio, will pay the tribe a fraternal visit on this occasion.

K. of C. Kirmess Plans Completed

Plans for the Knights of Columbus Kirmess, opening Easter Monday, and continuing for two weeks, were completed last night at the Knights of Columbus Temple. It will be a period of merry-making for the knights, since it has been planned in the interest of a fund for a greater Knights of Columbus temple in this city.

On January 23 and 24, the Rapid Dramatic Club will give a playlet, "Bachelor Hall," and the cast will include Francis J. P. Cleary, John J. Deveny, M. J. Driscoll, J. T. Fitzgerald, Denis E. Connell, Oliver J. Le Beau, Miss Marjorie T. Cochran, Miss Sue H. Murray, Miss Gertrude M. Clements, Miss Margaret Fisher, and Thomas J. Croddin. The direction of the production is in the hands of Denis E. Connell.

FIGHT ON UTILITIES MERGER WILL BEGIN IN COURT TOMORROW

Imposing Array of Attorneys to Battle Over Trac-tion Rights.

The battle in the courts against the Washington Utilities Company, popularly called the \$30,000,000 merger, begins tomorrow.

A demurrer will be filed by the defendant company in the District Supreme Court to the suit instituted several weeks ago by the District Commissioners to prevent the absorption of any of the local public utilities by the new corporation.

The stockholders and directors of the utilities company will be represented by an imposing array of counsel, including J. J. Darlington for the Washington Railway and Electric Company, A. S. Worthington, for Mr. B. H. Hays, one of the promoters of the company; Charles F. Holm, of New York, for Clarence P. King, president of the Washington Railway and Electric Company; Norman Grey, of Camden, N. J.; John F. Bourke, of Fairfax, Va., and Gardner L. Booth, for the Washington Utilities Company and the Washington-Virginia Railway Company.

The District's interest will be represented by E. H. Thomas, Corporation Counsel, who prepared the suit filed by the Commissioners. He will conduct the public's battle single handed it is said.

In the Commissioners' suit the Washington Utilities Company and the Washington-Virginia Railway Company, the latter concern since having been absorbed by the former, together with promoters of the corporation and about 2,000 stockholders of the Washington Railway and Electric Company, and others, are named as defendants.

Yanes Is President Of S. A. Athenaeum

Common Finger Bowls New Subject of Attack

Dr. C. H. Lavinder, of the Marine Hospital Service, scores the common finger bowl heavily in his annual report. He states that he considers them as dangerous as public drinking cups. Dr. Lavinder has carried on his investigations in New York, Philadelphia, and Washington, in hotels and restaurants, and he announces as the result of his observations that few hotels or restaurants change the water in the finger bowls until it is too dirty to use again. He recommends that they be abolished.

THE MAN'S STORE KEEPING PACE WITH 1913

Selling \$35 Value 1913 Suits and Overcoats For \$19.13.

Silhouettes of Customers Made By Expert Given Away.

The Man's Store is certainly keeping in step with the progressive year, 1913. One striking evidence of this fact is D. J. Kaufman's "1913" sale of hundreds of fine hand tailored suits and overcoats which formerly sold as high as \$35.

At the time this article is being written D. J. Kaufman's "1913" sale of suits and overcoats is not yet four full days old, but already it is the most successful sale ever operated even by D. J. Kaufman, and D. J. Kaufman's sales, season after season, have been record-breakers in the fullest sense of the word.

Throughout the year 1912 D. J. Kaufman's business slogan of "Money's Worth or Money Back" will stand for just exactly what it says, just as it has always stood throughout the years.

Silhouette of George Washington Cut in 1791.

The year 1913 is to see a revival of the silhouette or shadow photograph. Society is taking up the fad, experts often being employed to produce profiles of guests. Many persons have also used silhouettes of themselves and their children to adorn New Year greeting cards, etc.

D. J. Kaufman is adding to the popular revival of the silhouette by employing Mr. X. Akeley Sackett to make silhouettes of his customers, and gifts of these silhouettes are made to customers irrespective of the amount of their purchases.
